TRANSFORMING CHALLENGES TO EFFICIENT SOLUTIONS

SreeGo[™]
SOLUTIONS PVT LTD.

SreeGo Solutions is an IT solutions provider that helps organizations create dynamic and innovative processes by harnessing the power of technology. SreeGo works to create state of the art and need of the hour solutions that make a significant impact on business productivity. SreeGo's award winning solutions offer customers an inimitable advantage in competency, productivity and efficiency.

Services **implement**

WORKING TOGETHER FOR GREATER EFFICIENCY

SreeGo offers project implementations and services in various fields. Efficiency of implementation is key in our planning. Our execution has been instrumental in significant cost reductions to the customer as well as enhancing productivity. Powered by ideas and innovation, we have challenged the current stalemate in implementation of various processes and have offered a simple and yet highly productive ways of running businesses.

Products **innovate**

AT THE FOREFRONT OF SCIENCE AND TECHNOLOGY

Innovation is one of the pillars of SreeGo's success. We sincerely believe that there is always a "better way". And the better way can only be achieved by innovation rather than re-inventing the wheel. It is the drive to innovate and change things around us that led to the incorporation of the company. Our hardware products include a range of security, biometric and vehicle tracking units which are designed so as to adapt to a variety of requirements. We also have a number of software solutions for the transport and logistics industry, education vertical and BPO/ITeS sector. Each of our products offer world class technology and are unparalleled in their efficiency and performance.

Solutions **customize**

RESULTS THAT ARE TAILOR-MADE FOR THE CUSTOMER

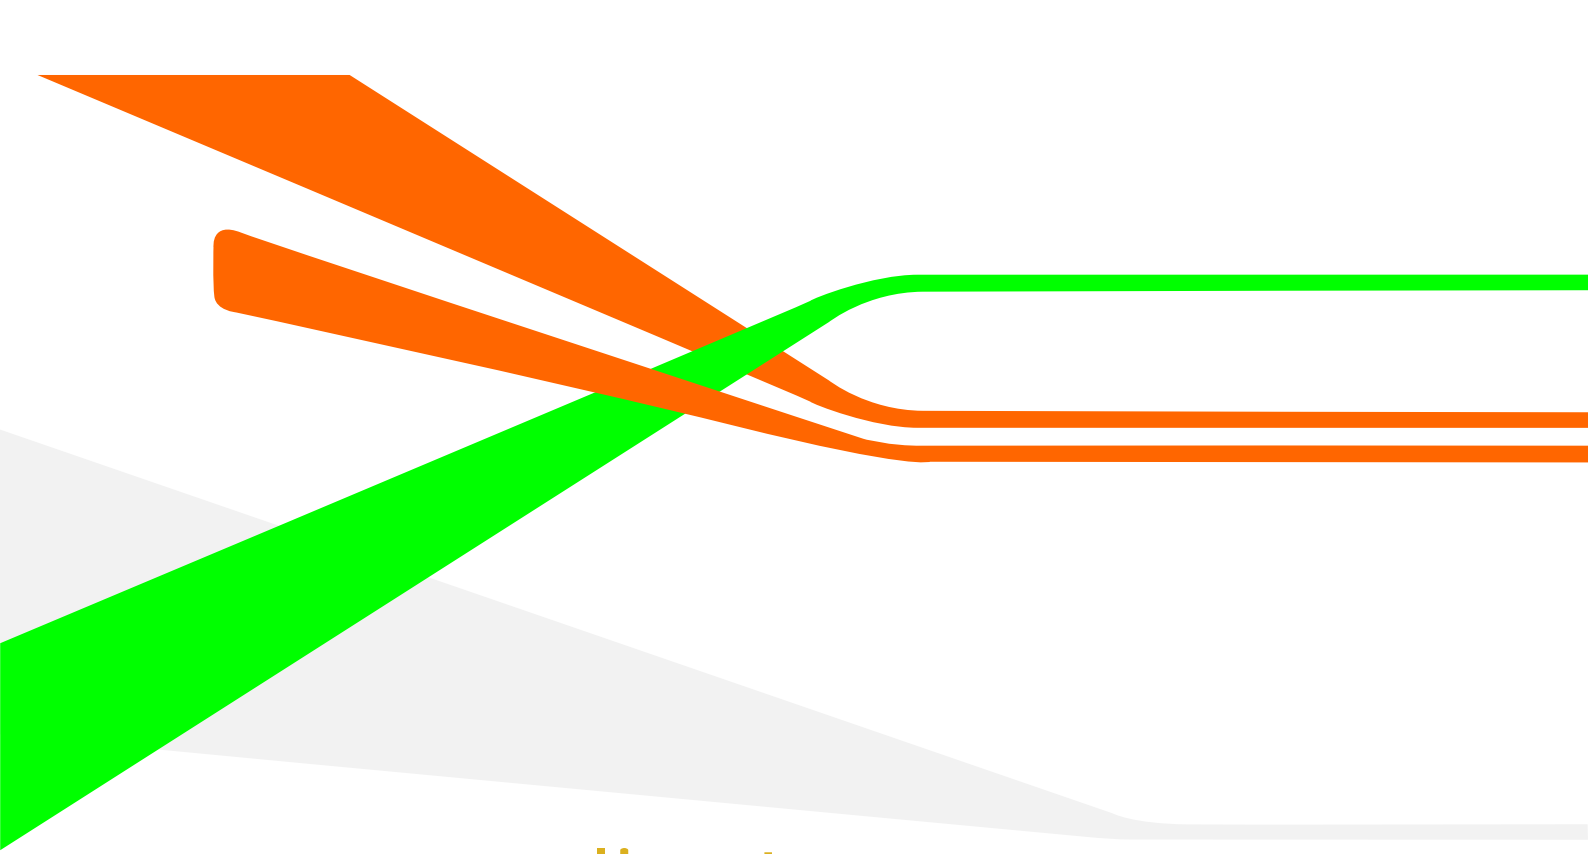

At SreeGo, we firmly believe that no two organizations are the same and therefore, neither can the application being used by them. By offering a completely customized solution to suit your institute's specific needs, we effectively incorporate your organization's DNA into the application. As all our solutions are unlimited in their scope of customizability and scalability, we promise to continue to deliver even as your institute grows over time, be it years or decades.

- Web Services
- Application Migration
- Custom Application Development
- Database Administration
- Product Development
